BLACK – WITHOUT LOGO – MIFARE® PLUS – PROXIMITY KEY

INFORMATIONS PRODUIT

Référence : GB-010-200

Technologies : MIFARE® Plus

DESCRIPTION

Thanks to their IP68 and IK08 certifications, the proximity keys are waterproof and highly resistant to shocks. Their metal ring enhances practicality allowing them to be easily carried on a key ring.

In addition, the keys are provided with a non-changeable code of 14 alphanumeric terms. This code is engraved, allowing easy programming and identification.

The Mifare® Plus chip guarantees uniqueness and prevents cloning thanks to its AES128 bit encryption and the security of the FDI central system/reader.

KEY CHARACTERISTICS

- Black
- Size (L X H X P): 49mmx36mmx7mm
- IP68 – IK08 certified

- 14-character alphanumeric number etched
- Counterbored to prevent number from being erased
